### **Jurisdiction and Venue**

10. This action arises under the patent laws of the United States, Title 35 of the United States Code. This Court has original subject matter jurisdiction pursuant to 28 U.S.C. §§ 1331 and 1338(a).

11. This Court has personal jurisdiction over AT&T in this action because AT&T has committed acts of infringement within this District giving rise to this action, has a regular and established place of business in this District, and has established minimum contacts with this forum such that the exercise of jurisdiction over AT&T would not offend traditional notions of fair play and substantial justice. AT&T, directly and/or through subsidiaries or intermediaries, conducts its business extensively throughout Texas, by shipping, distributing, offering for sale, selling, and advertising its products and/or services in the State of Texas and the Eastern District of Texas, regularly does business or solicits business, engages in other persistent courses of conduct, and/or derives substantial revenue from products and/or services provided to individuals in the State of Texas, and commits acts of infringement of Plaintiff's patents in this District by, among other things, making, using, importing, offering to sell, and selling products and/or services that infringe the asserted patents, including without limitation the tablets and phones accused of infringement in this case and cellular services offered by AT&T on its network.

12. AT&T, directly and/or through subsidiaries or intermediaries, has purposefully and voluntarily placed one or more products and/or services in the stream of commerce that practice the Asserted Patents with the intention and expectation that they will be purchased and used by consumers in the Eastern District of Texas. These products and/or services have been and continue to be purchased and used in the Eastern District of Texas.

13. Venue as to AT&T is proper in this District under 28 U.S.C. §§ 1391 and 1400(b). On information and belief, AT&T resides in this District and/or has committed acts of infringement and has a regular and established place of business in this District.

14. For example, AT&T advertises its wireless networks as available in Texas, including within the Eastern District of Texas. *See e.g.*, <https://www.att.com/maps/wireless-coverage.html>:

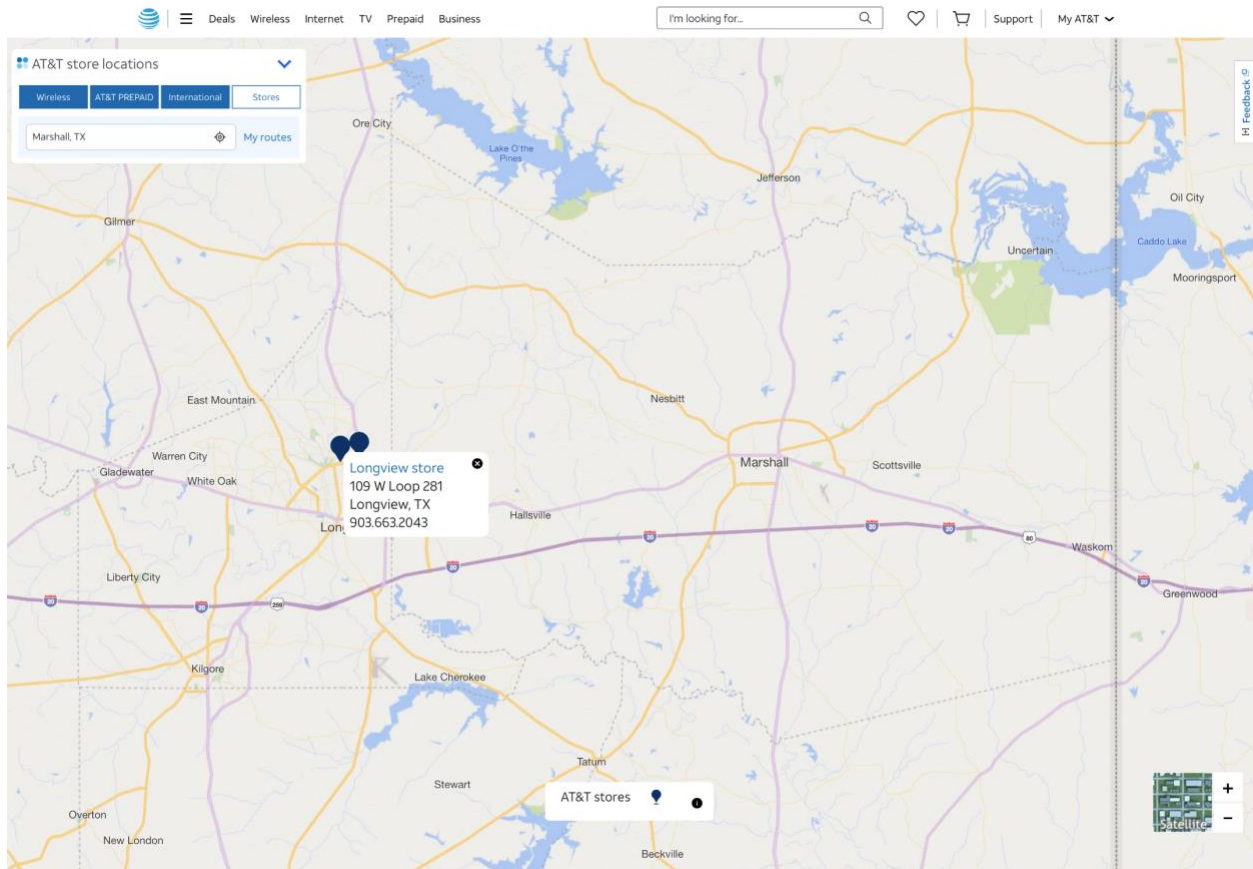

15. AT&T had more than 196 million subscribers as of March 31, 2022.<sup>1</sup>

16. For further example, AT&T sells mobile devices accused of infringement in Texas, including within the Eastern District of Texas.<sup>2</sup>

20. On information and belief, Defendants make, use, offer for sale, sell, and/or import certain products (“Accused Instrumentalities”), including (1) cellular base stations that support 3GPP 5G NR beamforming, and (2) cellular handsets that support 3GPP 5G NR beamforming, including without limitation the Apple iPhone 12, iPhone 12 mini, iPhone 12 Pro, iPhone 12 Pro Max, iPhone 13, iPhone 13 mini, iPhone 13 Pro, iPhone 13 Pro Max, iPhone 14, iPhone 14 Plus, iPhone 14 Pro, and iPhone 14 Pro Max and Samsung Galaxy S20 FE, Galaxy S21, Galaxy S21 FE, Galaxy S21 Ultra, Galaxy S22, Galaxy S22+, Galaxy S22 Ultra, Galaxy Z Flip3, Galaxy Z Flip4, Galaxy Z Fold3, Galaxy Z Fold4, Galaxy A52, Galaxy A53, that directly infringe, literally and/or under the doctrine of equivalents, at least Claim 1 of the ’347 Patent.

Despite this knowledge of the ’347 Patent, Defendants continue to actively encourage and instruct their customers and end users (for example, through user manuals and online instruction materials on their website) to use the Accused Instrumentalities in ways that directly infringe the ’347 Patent. Defendants do so knowing and intending that their customers and end users will commit these infringing acts. Defendants also continue to make, use, offer for sale, sell, and/or import the Accused Instrumentalities, despite their knowledge of the ’347 Patent, thereby specifically intending for and inducing their customers to infringe the ’347 Patent through the customers’ normal and customary use of the Accused Instrumentalities.

22. Defendants have also infringed, and continue to infringe, at least Claim 1 of the ’347 Patent by selling, offering for sale, or importing into the United States, the Accused Instrumentalities, knowing that the Accused Instrumentalities constitute a material part of the inventions claimed in

23. The Accused Instrumentalities satisfy all claim limitations of one or more claims of the '347 Patent. A claim chart comparing independent claim 1 of the '347 Patent to representative Accused Instrumentalities is attached as Exhibit 5.

24. By making, using, offering for sale, selling and/or importing into the United States the Accused Instrumentalities, Defendants have injured Plaintiff and are liable for infringement of the '347 Patent pursuant to 35 U.S.C. § 271.

25. As a result of Defendants' infringement of the '347 Patent, Plaintiff is entitled to monetary damages in an amount adequate to compensate for Defendants' infringement, but in no event less than a reasonable royalty for the use made of the invention by Defendants, together with interest and costs as fixed by the Court.

Through at least the filing and service of this Complaint, Defendants have had knowledge of the '888 Patent and the infringing nature of the Accused Instrumentalities. Despite this knowledge of the '888 Patent, Defendants continue to actively encourage and instruct their customers and end users (for example, through user manuals and online instruction materials on their website) to use the Accused Instrumentalities in ways that directly infringe the '888 Patent. Defendants do so knowing and intending that their customers and end users will commit these infringing acts. 37. Defendants also knowingly and intentionally induce infringement of at least Claim 10 of the '361 Patent in violation of 35 U.S.C. § 271(b).
